

## AMC Cold River Camp's First Valley Night

AMC purchased the Ledges Camp in North Chatham from Wilford Robbins in 1919 and started receiving guests the same year. Two years later in 1921 it hosted what is now called "Valley Night" wherein residents of Chatham and Stow are invited to CRC for a get together and food. While "Valley Night" is currently celebrated every year, it was not always so.

In 1921 CRC consisted of 38 acres of land, some buildings including the Conant Lodge built around 1907 for Wilford Robbins for his Ledges Camp and a few ravine cabins. Tents were also used to house guests. At that time and several years afterward Henrietta (Mrs. John) Chandler was not only hostess of the Royce House but also of Cold River Camp. She was thus responsible for hosting this first "Valley Night".

The following is a list of guests (63) who signed in the Register for the occasion. Note that the majority are full time residents but there are several seasonal residents or guests of either the Royce House or Chandler Farm boarding houses.
